

Hemophilia of South Carolina
Patient Assistance Programs One-Page Cheat Sheet
 (Only applies to patients with private commercial insurance)

Most assistance programs have no income requirements, however some may have restrictions so check the eligibility requirements and ask your questions! Don't assume you make too much money to be eligible. The information below has been taken from the Patient Assistance Document from the NHF Website (www.hemophilia.org) and is also posted on our website at www.hemophiliasc.org. Go to the Services Link at the top tool bar, Click on the drop down, Financial Assistance, and scroll down to the additional Recourses Document and click on it for the full informational packet- Patient Assistance Document.
